THIS IS OUR HISTORY

[1923]

Albert Messmer develops one of the first football cleats in the world. With his brother Michael Ludwig Messmer, he founds the company Messmer & Co., that will go on to become known as hummel.

[1956]

The visionary Bernhard Weckenbrock takes over the company. He creates a comprehensive brand identity and introduces the chevrons.

[1969]

The first sportswear collection is launched. Sponsorships are signed and help boost sales. A rounder version of the bumblebee than the current one is created.

[1968]

The first sponsorship deal is signed. The deal is with Duisburg, a team playing in the 2nd German Bundesliga.

[1970]

hummel is introduced to the Northern European market.

[1979]

hummel signs a sponsorship deal with the Danish national team for the first time – a deal that lasts until 2004.

[1988]

hummel signs a sponsorship deal with Real Madrid and the club's biggest star, Emilio Butragueño. The deal makes hummel products even more popular.

1999

hummel gets a new owner – Thornico. Christian Stadil becomes part of the brand history. He launches a reintroduced, original sport style collection on the fashion market and hummel becomes a trendsetting sports apparel brand.

1992

It's a surprising win, to say the least. The Danish national team takes the title at the European Championships having played Germany in the final.

2020

In 2020 hummel team up with the historic football club Everton FC and return to the Premier League after 13 years of absence. The chevrons are back on the biggest football stage again!

2019

In 2019, hummel substantiates its status as an original handball brand by signing the German handball club, THW Kiel – unarguably one of the biggest clubs in the World.

2016

After many years hummel once again sponsors a team in the German Bundesliga. SC Freiburg plays a sensational first season after returning to the first league and qualifies for international competition.

1923
100 YEARS IN SPORT

In 2023, we will celebrate a century of hummel – marking 100 years of proud heritage in the world of sports.

1000+ SPONSORSHIPS

#TEAMHUMMEL

At hummel, we are proud sponsors of a powerful, inspiring, and unparalleled roster of teams, clubs and players in countries across the world. Together they represent #teamhummel and the way they bring character, strong social values, and commitment to the game is remarkable.

Even though it's been a hard year for everyone at #teamhummel, the talented players have managed to excel despite restrictions and lock downs. They've secured medals and honor while wearing the chevrons – and as sponsors we've felt privileged to be a part of the journey and still do.

At hummel, we find it important to create a close relationship with all our partners and under normal circumstances we would have visited several of our hummel clubs. Instead, we've pinpointed some of the good stories, and we look forward to seeing every one of them bringing the new collection to life at what they do best – bringing sportsmanship and team-effort to new levels.

THE MULTIFUNCTIONAL

TEAMSPORT COLLECTION

Lead is designed for high-performance team sport athletes who appreciate a combination of high functionality and modern aesthetics. The LEAD styles are inspired by an 'Everyday Active' perspective and are designed from the idea of bringing daily fashion elements into the classic team sport design.

Features such as moisture management, light weight fabrics and a performance fit ensures a great functionality both on and off the pitch or court.

FEATURES

- // Lightweight materials with second skin comfort
- // High-performance functions and benefits
- // All-weather designs
- // Increased functionality

AUTHENTIC

COLLECTION RUNNING FROM 2020-2023

2020
2023

THE FULL RANGE FOR

EVERY KIND OF TRAINING

The hummel Authentic collection is a multifunctional team sport collection offering a wide range of styles for every kind of training on all levels. The design is inspired by the classic hummel heritage, but with a modern twist.

With features such as moisture management, light weight dual faced knits and faux silicon print, the collection offers optimal conditions for the players.

FEATURES

- // Streamlined designs with functional details
- // Lightweight performance and maximum ventilation
- // Focus on speed and ease of movement
- // Weather protection for comfort

CORE XK

COLLECTION RUNNING FROM 2022-2025

2022
2025

ABOUT THE COLLECTION

The popular Core XK collection is one of hummel's classics offering a strong range of quality basics. Inspired by the proud hummel heritage, the collection is designed for both indoor and outdoor athletes on all levels who appreciate a combination of high functionality and modern aesthetics.

The collection is packed with elegant styles anchored in a Danish design tradition stripping back details for a minimalistic look. Elevated neck cuts, sleeve hem details, and the iconic chevrons create a consistent look that delivers maximum value for money.

FEATURES

- // **Quality basics for both training and matches**
- // **Comfortable fabrics and functional cuts for performance**
- // **Iconic chevron print for a consistent look**
- // **Elevated neck cuts and sleeve hem details**

BEE SPOKE & SUBLIMATION

DESIGN YOUR OWN KIT

JERSEY AND SHORTS

DESIGNED WITH SUBLIMATION

With the hummel BeeSpoke and Sublimation programme, clubs can have unique kits and create their own vision of style. Clubs can choose from five jersey styles with either short or long sleeves, and a variety of special colours and designs. Furthermore, it is possible to add your own design through our sublimation programme.

With endless design possibilities, design variations and flexibility on quantity and lead time, hummel BeeSpoke and Sublimation highlight the individuality of every single club and caters to speciality needs and requirements.

It's time to go explore the extensive possibilities of the hummel BeeSpoke and Sublimation universe

CONTACT YOUR LOCAL HUMMEL DISTRIBUTOR

Login to the BEESPOKE website and Click on the "create new design" button or click on one of the inspirational jerseys already created

SHORT SLEEVES

LONG SLEEVES

ONLY SUBLIMATION - ONLY SUBLIMATION - ONLY SUBLIMATION - ONLY SUBLIMATION

INSTEAD OF STRIPES YOU CAN ALSO UPLOAD YOUR OWN UNIQUE DESIGN WITH THE SUBLIMATION TECHNOLOGY

ALL STYLES ARE AVAILABLE IN MENS, WOMENS AND KIDS SIZES

EXAMPLE

GK & REFEREE

GOALKEEPER & REFEREE

EXTRA PROTECTION, FIT AND COMFORT

The goalkeeper and referee collection delivers extra support for every move. Protective padding, effective moisture management and breathable mesh inserts allow for unrestricted movement. Both the design and colours allow referees and goalkeepers to be easily recognized on the field or court.

Inspired by Peter Schmeichel's iconic 90s goalkeeper jersey, selected styles are decked out with retro embossed print.

FEATURES

- // **Breathable fabrics and moisture management**
- // **Padded elbows and thighs for protective support**
- // **Functional fits and range of movement for performance**
- // **Iconic design references and seasonal colours**

BAGS

FUNCTIONAL BAGS FOR EVERYONE

Hummel offers a wide range of functional and versatile bags in a variety of designs, sizes, colours and functional details. They feature handles and/or straps for easy carrying, large and small compartments with or without zippers, quality print, compression straps for adjustable sizing and water-repellent.

SPORT

The sports bags are developed for team sport. The collection offers a traditional program of sports bags, back packs and trolleys for teams. The bags offer great printability and a stylish hummel branding.

URBAN

The new urban bags are developed for the individual consumer, but the collection is also an obvious solution for teams looking for something extra. The styles offer a cool street-inspired design with a clear urban vibe.

LIFESTYLE

hummel's lifestyle collection is an exclusive range of bags developed for professional clubs and the individual retail consumer. The styles are characterized by a clean Scandinavian look with discreet hummel branding and a water repellent surface.

HANDBALL

FROM PROFESSIONAL TO PRACTICE BALLS

HUMMEL OFFERS A DIVERSE RANGE FOR ALL KINDS OF PLAYERS AND TEAMS

Reliable handballs with predictable flight and a good bounce are essential. hummel offers a competitive range of quality handballs – from high-performance match balls to training balls for children.

All handballs are made from durable PU [Polyurethane]. Most of the balls also feature these three crucial elements:

- **AirTouch cushioning for extra softness and bounce**
- **Woven poly/cotton lining that stabilizes and adjusts softness/weight**
- **Latex bladder with AirTrap valve for an airtight ball**

HYBRID HANDBALLS

UNIQUE DOUBLE BLADDER CONSTRUCTION

Inner and outer rubber bladders reinforced by a cotton and polyester lining for a perfect mix of bounce and stability. The inner bladder makes your ball vivid and bouncy, while the unique second bladder takes the bounce to new heights!

STRONG HYBRID CONSTRUCTION

Hybrid handballs are extra strong and durable. All PU hexagons are machine-stitched and glued together before being hardened under compression giving a super smooth surface and a perfect roundness.

THICK FOAM-BACKED PU SURFACE

With Air Touch foam to back a thick PU surface, you're sure to experience extra softness and a better grip. The PU of Storm Pro has even been upgraded with a microfiber padding providing a whole new dimension of softness.

REGULAR HANDBALLS

TRADITIONAL RUBBER BLADDER

Inner rubber bladder covered by a white cotton and polyester lining giving you a great mix of bounce and stability when you set your ball in motion.

FOAM-BACKED PU SURFACE

All PU hexagons are hand-stitched and backed with foam of different thicknesses depending on the type of ball best suited for your game plan.

HANDBALL INFLATION GUIDE

PREPARATION

During wintertime, we suggest to store the handballs at room temperature [20 – 25°C] for minimum 24 hours before the first inflation in order to secure optimal softness, shape and grip.

VALVE OIL

Drip 1 – 2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve. Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape.
Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

HANDBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1 – 2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

Store the handball in a ventilated room at 20 – 25°C.

WEIGHT AND CIRCUMFERENCE OF HANDBALLS

SIZE	CIRCUMFERENCE	WEIGHT	RECOMMENDED PRESSURE [BAR]
3	58–60 CM	425–435 G	0,3
2	54–56 CM	325–335 G	0,3
1	50–52 CM	290–300 G	0,3
0	46–49 CM	225–235 G	0,4
0.0	44–46 CM	180–200 G	0,4

FOOTBALL

A BROAD RANGE OF FOOTBALLS

FOR PROFESSIONALS AND AMATEURS ALIKE

From professional, FIFA-approved match balls to futsal balls, hummel offers a wide range of carefully developed footballs. Many include special features like AirTouch technology for soft cushioning and AirTrap latex bladders for responsive, light and airtight balls. All balls are designed with durability in mind.

FEATURES

- // High-performance match, training and futsal balls
- // FIFA-approved match balls
- // AirTouch cushioning for softness
- // AirTrap latex bladder for airtightness and lightness

THERMO BONDED

INNER CARCASS BLADDER

The restricted carcass bladder does not allow the ball to increase its size. It ensures the stability of the outer cover material and makes the ball last longer.

POLYESTER LINING

The polyester lining strengthens the bond between the bladder and the EVA foam layer in order to improve shape retention for a longer life.

HIGH PERFORMANCE FOAM LAYERING

The EVA foam layer creates a soft touch feel and greater bounce along with high reactive speed off the foot. The ball perfectly round.

PERFECTLY ROUND PU SURFACE

The Thermo Bonded footballs are made with no thread and no stitching. It's made with Heat Infused Technology (HIT), that increases the shape conformity and makes the ball perfectly round.

HYBRID & KINETIC

WEIGHT STABILIZING BLADDER

The fiber wound SR bladder is used to achieve correct weight and strong foundation for the outer cover material.

POLYESTER LINING

The inner lining prevents the foam from cracking and tearing.

EXTRA SOFT FOAM LAYERING

The extra thick foam layer in the Hybrid / Kinetic balls ensures greater durability and life along with reduced impact and a soft feeling on the foot.

RESISTANT PU SURFACE

Still being machine stitched, the Hybrid/Kinetic balls are sealed by heat pressure making the balls last longer and keep them perfectly round.

MACHINE + HAND STITCHED

INNER BLADDER

Inner rubber bladder giving vivacity and bounce to the ball and securing minimum expansion over time.

POLYESTER LINING

Machine Stitched: It controls damage to the foam and helps close seams efficiently.
Hand stitched: 3 – 4 layers of polyester are used as a replacement for foam and improves shape retention and rebound.

LIMITED LAYER OF FOAM

With a very limited foam layer the regular balls are slightly harder than others. Hand stitched balls with no foam at all.

STITCHED PU SURFACE

Regular footballs are either machine stitched or hand stitched meaning the seams are not sealed. Still with only 10% water uptake.

FOOTBALL INFLATION GUIDE

PREPARATION

During wintertime we suggest to store the footballs at room temperature [20 – 25°C] for minimum 24 hours before the first inflation in order to secure optimal softness and shape.

Unfold the football with both hands and shake the bladder free.

VALVE OIL

Drip 1 – 2 drops of hummel valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve.

Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

— Inflate the ball to the recommended pressure.

— Recommended pressure is printed on the ball near the valve.

— Inflate slowly to allow the ball to gain its correct shape. Rapid inflation can damage the bladder.

— Use a pressure gauge to check the pressure of the ball.

FOOTBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1 – 2 drops of hummel valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

Store the ball at reduced pressure in a dry ventilated room at 20 – 25°C.

CLEANING AND DRYING

After use clean the football in mild soapy water and rinse with water. Then wipe the ball off with a towel and let it fully dry in a dry, airy place at 20 – 25°C.

Never dry the ball on or near a heating device.

SPORTSAID

PRODUCTS ARE ONLY TO BE SOLD WITHIN EU

The brand new hummel SPORTSAID is a professional line of sports care product developed in cooperation with health care professionals, sports physiotherapists and leading sports medical suppliers to support athletes on all levels.

hummel SPORTSAID is designed and selected with focus on the needs for athletes and health care staff in various sports. The range spans from basic needs for amateur clubs to extensive sports care products for professionals to meet any medical need.

In addition to hummel SPORTSAID we collaborate with the leading global health company ESSITY. With this strong partnership hummel secures our clubs, teams and retailers to have access to popular product trademarks like Strappal®, Leukotapes® and Tensospray®.

All our products have been carefully tested on the field and in the test lab. We put this phase above all other, so we can guarantee the highest quality for the athlete.

All our tapes and bandages are latex-free.

PRINT GUIDE

DO take extra care with the print press

DO adjust the machine settings to the correct pressure per cm² and printing time

DO have the correct temperature settings as supplied in manual [max temperature 140°C]

DO use rubber pad for the garment's print area to lay on

DO NOT heat directly onto any existing print on the garment

DO NOT use either paper or Teflon sheet to protect existing print from the heat plate

DO NOT heat garment for any longer than 15 seconds

IMPORTANT! Providing that these guidelines are followed correctly, you should have a perfectly printed garment with no damage done to the existing print.

hummel is not liable for any damage made to the existing print/logo, should it be reheated and/or if the instructions are not followed correctly. This can damage existing print or logo leading to peeling-off or cracking.

FROM CRADLE TO CRADLE

A SUSTAINABLE SPORT CATALOGUE

This Sport Catalogue is a cradle-to-cradle certified product.

This means that you turn the pages of a guaranteed sustainably printed product, which is 100% biologically decomposable and completely free of any toxic chemicals and heavy metals. It also means that in producing this catalogue, we have reused the earth's resources in a natural circular process, leaving no harmful waste materials, which are dangerous to people or the environment. In other words, you could bury this catalogue in your garden and even plant

vegetables on top without damaging the environment or your health!

The Cradle-to-Cradle certification is a holistic environmental certification which guarantees that a product does not pollute or eat into the earth's limited resources but enters nature's own circuit. In line with our Company Karma philosophy, we encourage these new environmentally responsible and circular processes, securing a healthy world for future generations, from cradle to cradle.
